Christie Lake Kids

Mission

To enrich the lives and prospects of economically disadvantaged children by providing quality year-round community and camp programs to develop physical, artistic and social skills, positive attitudes and personal qualities.

Camp

Since 1922 thousands of children's lives have been changed by the skills they have gained and the support they have received at Christie Lake Camp. Each summer, kids aged 9-16 from low-income families in the Ottawa area spend two weeks at the camp. They enjoy a level of individual growth, self-confidence and social acceptance that otherwise might not be part of their lives.

Inner City Programs

In 1985 children began to receive year round support through year round after school and weekend STAR (Skills Through Activity and Recreation) programs delivered within six of the most at-risk neighborhoods in Ottawa.

With your help Christie Lake Kids builds meaningful, year after year relationships with our families, building skills and changing lives.
